

Ambrose Table Assembly Instructions

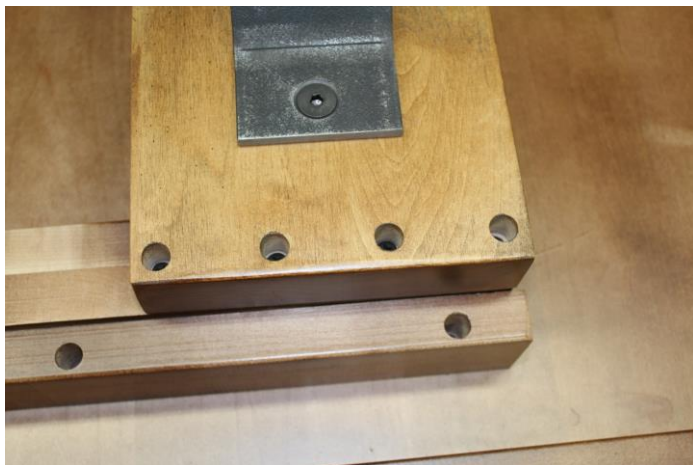

SALOOM

Included in the hardware pack:
(16) #10 x 1 ½" black screws
(4) Black levelers

1. With the table placed face-down, locate the pre-drilled holes in the slides.

2. Line up the top plate of the base to the four pre-drilled holes. The top plate should be aligned with the center slide.

3. Using (4) #10 x 1 ½ black screws per side, secure the top plate to the table slides.

4. Screw (4) levelers into place on the bottom of the base.
